

# CLEAN DRAIN DRY

Practice **CLEAN DRAIN DRY** to protect our lakes and rivers from the spread of aquatic invasive species.

## CLEAN

plants, animals and mud from your boat and gear

- Ensure that anything you remove is disposed of onto land
- Do a visual inspection of the watercraft and gear to make sure everything is removed

## DRAIN

all water from your boat and gear onto land

- This includes all internal compartments, ballast tanks, live wells, bilges, bait buckets, motors etc.
- Pull all plugs—it is illegal to transport plugged watercraft in some provinces and US states

## DRY

all parts of your boat and gear completely

- Make sure no water is left standing
- Use a sponge or towel for hard to dry areas

**CLEAN  
DRAIN  
DRY**

Prevent the Spread of Aquatic Invasive Species

## What are aquatic invasive species?

Aquatic invasive species threaten Canada's water bodies and the wildlife that rely on them. They spread alarmingly fast and can impact the environment and economy, and damage the recreational areas that we enjoy.

Water-based recreational activities can spread aquatic invasive species to new locations. Aquatic invasive species can cling to watercraft and gear, or be transported in standing water to new bodies of water. You can protect our lakes and rivers from aquatic invasive species by ensuring you **CLEAN, DRAIN and DRY** your watercraft and gear.

## Watch for these and other aquatic invasive species!

Smallmouth Bass

American Bullfrog

Eurasian Watermilfoil

Flowering Rush

Brazilian Elodea

Zebra & Quagga Mussels

## In BC:

**For watercraft that have been operated outside of BC, AB, WA, ID, OR, or WY please contact the BC Conservation Officer Service R.A.P.P. Hotline 1-877-952-7277 prior to entering BC waters.** Additionally, all watercraft must stop at open designated watercraft inspection stations in BC. It's the LAW. Sightings of zebra or quagga mussels must be reported to the R.A.P.P. hotline.

Fisheries and Oceans  
Canada

Pêches et Océans  
Canada

Canadian Council  
on Invasive Species

Conseil Canadien sur les  
Espèces Envahissantes

**Report all suspected  
invasive species.  
Download the Report  
Invasives app.**
